

HEALOGIX

Healogix is committed to the health and safety of our employees, families and entire community as we continue to provide services for our clients

In these unprecedented times due to COVID-19, we want to send a message of support and reassurance to our clients.

The Healogix team is working remotely and fully operational. We are connected with our trusted recruitment partners to keep projects running smoothly and we are working closely with our clients to support their business needs in this new environment.

For the safety of our colleagues and communities, in-person qualitative research is not feasible at this time. However, Healogix has strategies to achieve face-to-face interaction via remote, webcam-enabled interviews to get our clients the insights they need with a valuable methodology.

Take care and stay safe. We will make it through this together!
